Mandatory Components

To receive the Gnet Live Business WDN service you will need a valid ABN Number and must be living in an area serviced by Gnet Live and have your site inspected and approved by one of our technicians. Upon approval you have the option to proceed with a connection. Gnet Live will need access to your property to install a small antenna on the outside of your residence. This unit remains the property of Gnet Live who may need to access it from time to time for maintenance and upgrades. This antenna will be connected via cable to a single Ethernet wall socket (Network Boundary point) installed inside your residence. You will need to use the supplied power injector to power the external antenna.

Equipment Required

You need a compatible modem to connect your devices to Gnet Live Personal WDN service. You can purchase a supported Wi-Fi modem/router from Gnet Live from \$150.

Minimum Term

The service is available with a minimum term of 1 month.

Important Conditions

This service may not be available at your location. Please call us to find out if you can be connected to this service at your location.

Inclusions & Exclusions

The service is for small and medium business consumers and may not be resold.

Any cabling that is required in your premises beyond the Network Boundary point is your responsibility.

Early Termination Charges

All plans have a minimum duration of 1 month. If you are unhappy with your service then you may terminate your service and only pay for the first month and the setup fee.
